Export of sugar

*157. SHRIMATI AMBIKA SONI: DR.
T. SUBBARAMI REDDY:

Will the Minister of CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION be pleased to state:

(a) whether India has signed an agreement with Bangladesh to resume private sugar imports which has opened a new window for Indian sugar;

(b) whether Pakistan has also asked for Indian sugar;

(c) if so, what is the total export of sugar to Bangladesh, Pakistan, Brazil and Thailand; and

(d) to what extent more orders have been received?

THE MINISTER OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION (SHRI SHARAD YADAV): (a) India has not signed any agreement with Bangladesh for resuming private sugar imports. However, Bangladesh banned private trade in sugar in March 2003 but has reopened it from August 2003.

(b) to (d) There is no quantitative restriction on export of sugar and is freely exportable by exporters/sugar mills as per their commercial prudence. As per the information received from the Directorate General of Commercial Intelligence & Statistics, Kolkata about 31173 M.T.s of sugar has been exported to Bangladesh, Pakistan and Thailand during the financial year 2003-2004 (upto July 2003). No sugar has been exported to Brazil during the said financial year.

Enhancement of teledensity

*158. SHRI EDUARDO FALEIRO: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) the number of telephones sanctioned and working in each State, State-wise;

(b) the teledensity of each State; and

(c) the measures being taken by the Centre to enhance teledensity in each State?

THE MINISTER OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI ARUN SHOURIE): (a) The number of telephones sanctioned and working in each State are set out in the Annexure.

(b) The teledensity of each State is also indicated in the Statement. *(See* below)

(c) The measures being taken by the Government to enhance the teledensity include the following:—

(i) Continuous reforms in the Telecom Sector, including implementation of measures visualized in NTP-99, leading to liberalization and opening up of the sector for competition and fast growth of services with benefits of reduced and affordable tariffs to the customers.

(ii) Introduction of Unified Access Service Licence regime to provide flexibility to the service providers to make use of latest technologies in the most efficient manner for providing access to the subscriber at cheaper rates and to increase competition.

(iii) Wireless in Local Loop (WLL) has been introduced for providing telephone connection in urban/semi urban and rural areas.

(iv) New technologies like WLL/CDMA (Code Division Multiplex Access) and GSM (Global System of Mobile Communication) have been introduced for faster roll out and enhancement of accessibility of customers.

(v) Setting up of USO Fund for improving rural access and teledensity.

Statement
